NZQA only reports Secondary School Statistics for MOE Year 11, 12, and 13 students. For the years 2010-2014 there were no recorded Year 13 students so no records are held in the NZQA system - the zero records shown in this table have been added to reflect this situation.

Year 10 records have been provided in this table as although NZQA does not report year 10 results Gloriavale does report results for year 10 students and it is common for their Year 10 students to achieve NCEA qualifications. The numbers of year 10 students have been provided to present a clearer picture of this achievement pattern.
